

Thriving in 2014

A day-long institute on access to income and healthcare for people living with HIV/AIDS

The goal of the institute is to help the community to better understand the most pressing challenges confronting people living with HIV/AIDS in accessing income and healthcare in San Francisco today.

Co-Sponsored by:

Positive Resource Center and Senator Mark Leno

**POSITIVE
RESOURCE
CENTER**

EVENTS SUMMARY

The year 2014 is significant for the launching of Covered California and California's version of **Medicaid expansion (MAGI Medi-cal)** under the **Affordable Care Act**, as well as the implementation of state and federal regulations on the equal treatment of **same sex marriages**.

Thriving in 2014 is comprised of a series of interactive exercises and explorations to encourage participation from the attendees. The morning session will consist of two panels of specialists (the first on access to income, the second on access to healthcare) who will discuss issues raised by the attendees. The afternoon breakout sessions will consist of Community Dialogues in subject areas including, **Employment, Disability, Access to Healthcare, Immigrants' Access to Public Benefits, Housing, and HIV & Seniors**. Participants will engage in small group discussions on their chosen topics. The groups will reconvene and share their findings.
